NOMS Co-financing Organisation

West Midlands

Round 1: Custody & Community

NOMS Co-financing Organisation

Since 2010, the ESF (European Social Fund) funded NOMS Co-financing programme has been working with offenders (participants) in England, aimed at improving employability and consequently helping to change offender's lives and reduce reoffending.

During the first phase (Round 1) of the programme 2010-11, regionally focussed projects were commissioned with a range of providers appointed to help offenders access a range of employment services, with the ultimate goal of gaining employment.

In order to be worked with on ESF funded programmes, potential participants must be eligible to work in the UK, and for custodial cases be within three years of their anticipated date of release.

Programme Data & CATS

All data used in this report is obtained from the NOMS CFO developed Case Assessment and Tracking system (CATS), with all CATS entries undergoing the scrutiny of the NOMS CFO's Data Integrity team.

Report Coverage

Area West Midlands

Provider The Manchester College

Period Round 1: Mar 2010 to Dec 2011

Total Starts 5,603 participants

Comments This report covers all participants started in the West Midlands (both community or custody) during Round 1 of the NOMS CFO programme.

This report was compiled by the NOMS CFO Research & Statistics team. For more information on the NOMS Co-financing Organisation and its programmes, visit www.co-financing.org

2. Demographics

West Midlands Round 1: Custody & Community

Age

Participants on the NOMS CFO programme come from a varied demographic distribution that is largely reflective of the wider offender cohort that they come from. Due to the strict ESF eligibility criteria, there is a slightly reduced number of foreign nationals on the programme compared to the offender cohort in general. Additionally, some sub-projects may target specific age groups, BAME individuals or female offenders – increasing their numbers slightly.

computer skills

Time Spent Unemployed

Most of the NOMS Co-financing programme's participants faced significant barriers to employment due to their general lack of education, qualifications and basic skills. All participants were unemployed or economically inactive before coming on to the programme, with a significant number having not worked for several years. A small but significant number of participants declared themselves as having previously been a member of the armed forces – this includes some foreign nationals who served for their country of origin.

3.2 Assessed Barriers to Employment: *Attitudes & Expectations*

West Midlands
Round 1: Custody & Community

Patterns of Work Considered

The majority of NOMS CFO programme's participants thought that having a job would reduce their chance of reoffending. Despite many of the barriers faced, many were willing to engage with a mentor, consider alternative working patterns or travel in order to find employment.

3.3 Assessed Barriers to Employment: Health & Substance Misuse

West Midlands
Round 1: Custody & Community

The prevalence of health, mental health and substance misuse issues amongst the NOMS CFO programme's participants is high. In many cases, these issues have affected the participant's employment or housing situation. A large number of participants required help with learning difficulties, with many struggling with basic reading, writing and the use of numbers.

4.2 Achievements

Development: Skills & Self Improvement

West Midlands
Round 1: Custody & Community

Once the elemental barriers to employment have been identified and addressed, work begins on moving participants towards becoming job-ready. Generally poorly educated, unskilled and demotivated, most of this work revolves around upskilling and self improvement.

4.3 Achievements

Getting Ready for Work

West Midlands
Round 1: Custody & Community

After considerable progress and development, the NOMS CFO programme's participants will be able to start actively looking for work in the community. This phase also includes a range of support from help with completing application forms and CVs, to training in interview skills and interview preparation, through to assistance with setting up a bank account or gaining formal identification.

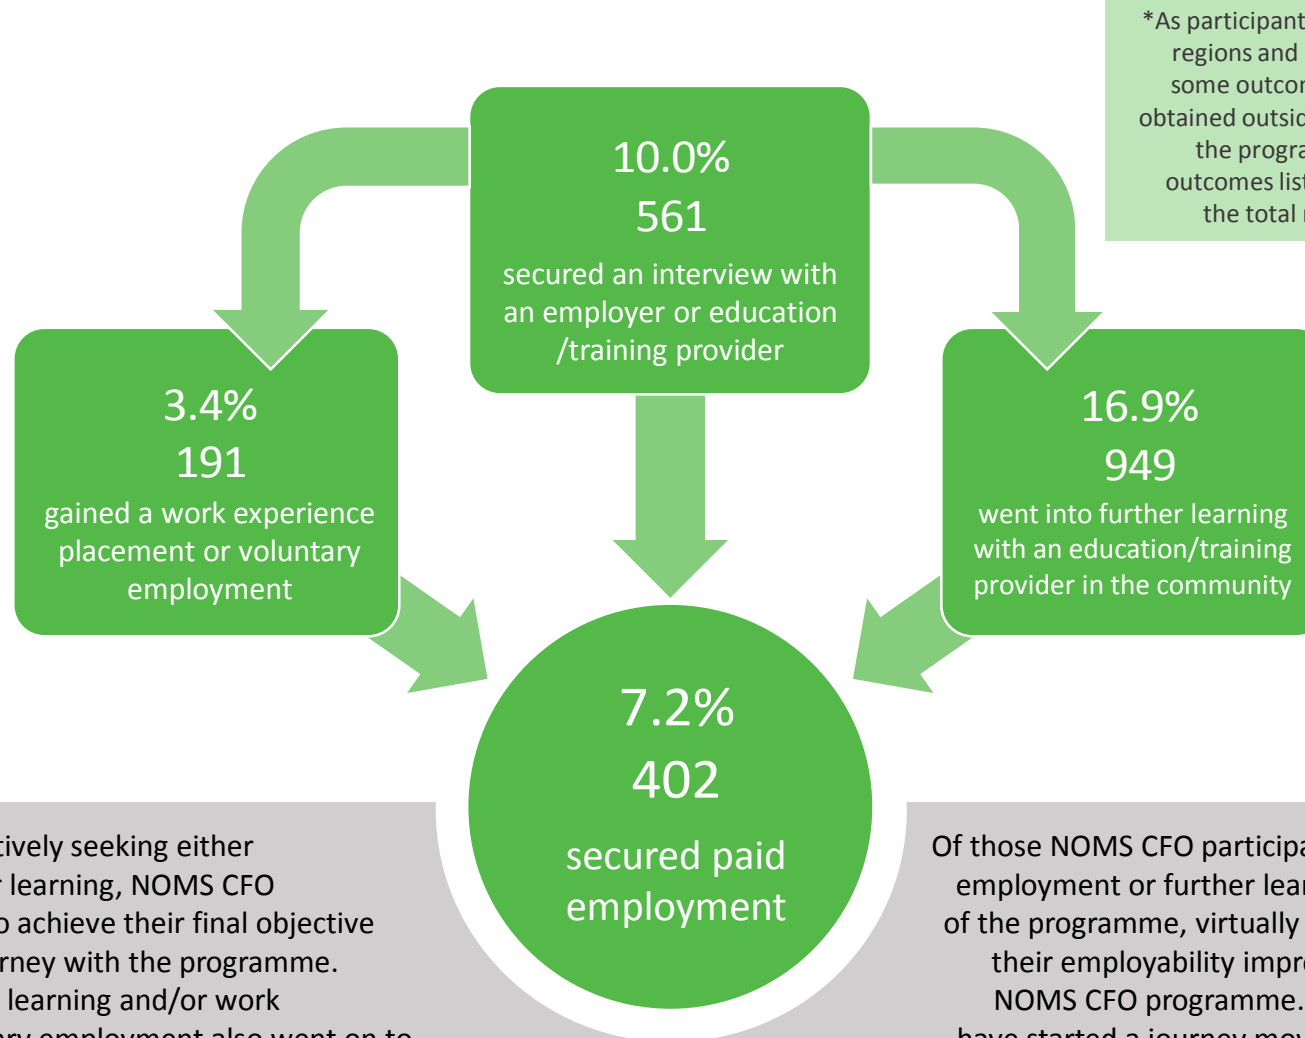

Demonstrating Job-Readiness

4.4 Achievements

Employment and Further Learning

West Midlands
Round 1: Custody & Community

*As participants could move between the English regions and between custody and community, some outcomes/achievements may have been obtained outside of the location that they started the programme in. For the same reason, the outcomes listed may not be a true reflection of the total number claimed by each provider.

Once job-ready and actively seeking either employment or further learning, NOMS CFO participants will start to achieve their final objective and complete their journey with the programme. Many who gain further learning and/or work experience and voluntary employment also went on to gain paid employment including self employment.

Of those NOMS CFO participants who did not achieve employment or further learning during the life-time of the programme, virtually all of them will have had their employability improved in some way by the NOMS CFO programme. Programme participants have started a journey moving themselves closer to the labour market, social inclusion and better lives.
